SENATOR CUDABACK: Senator Jensen, you're recognized to open on AM2695 to LB 1089.

SENATOR JENSEN: Thank you, Mr. President. Members of the Legislature, this is a small amendment that has to do with mobile banking. Well, what is mobile banking? Mobile banking is not some Winnebago going down the road, gathering all the money it can, heading down to Kansas with that money to place it in a casino or whatever. (Laugh) A mobile bank is nothing more than a bank officer going to someone's place of business to transact business. Now, right now the way the banking law says is that a mobile...you may do mobile banking in only the community where you are. This amendment says it would allow you to do it within the county and any adjacent county. Now we have a lot of cities in Nebraska that are very near the county line and this would allow that bank, if there was a bank in Fremont, which is in Dodge County, this would allow them to transact business, for an officer of the bank or someone to go to Washington County to transact business, maybe pick up a deposit,
